

PETITION

To Gov. Schwarzenegger , Mayor Villaraigosa, the Los Angeles City Council and the Los Angeles County Board of Supervisors,

I am strongly opposed to the Metro Universal MTA project as it is currently proposed.

It is too dense. It is too large. It is inappropriate for the suburban neighborhood that I live in and work in.

This project will add too many cars to the streets. This project will NOT solve the transportation needs of this city. This project will destroy my neighborhood, my community and my property value.

I believe that the MTA is straying from its mandate of providing for public transportation for the City of Los Angeles.

I want to strongly urge you to consider other, less dense alternatives.
